**Program je podložan izmjenama i dopunama*

KEYNOTE SPEAKER: Matthew Grocoff, Esq. LEED GA, LFA

Matt is a developer and the founding principal of the THRIVE Collaborative creating life-enhancing buildings seeking Net Zero Energy or Living Building Challenge Certification. He's the Creator and

Visionary Strategic lead for Veridian @ County Farm, an affordable housing and mixed income solar microgrid designed for Living Community Challenge Certification in Washtenaw County, MI. He was honored as a 2012 **Michigan Green Leader** by the *Detroit Free Press*, called a "**proven zero energy master**" by *Green Building Elements* and one of "**Greater Detroit's most progressive personalities**" by *MyFord Magazine*. He is co-founder of Mission Zero Fest and a internationally renowned advocate and thought-leader on net zero water & energy buildings, Living Buildings and restorative design. Matt was host of Greenovation.TV, a contributor to the Environment Report on public radio, contributor to FOX2 News EnergyTeam, writer and the green renovation expert for Old House Web and ImprovementCenter.com. He created www.HappyHome.HOW after being asked by Google to be

among the ten pioneer sites to launch their new .HOW domain. Matt is a sought-after speaker, writer and a frequent source for journalists. He's had the honor to accept invitations to speak around the world including Talks@Google, TEDx and dozens of prestigious international conferences and events. He is a **Living Future Accredited (LFA)** professional having "demonstrated a holistic framing of sustainability and the understanding needed to help lead a transformation toward communities that are socially just, culturally rich and ecologically restorative." His home was selected as one of **USA Today's "Best Green Homes of 2010"** and The Atlantic called it "sustainable perfection." It is America's oldest and Michigan's first net-zero energy building, meaning it annually produces more energy than his family consumes. His work has been featured in several books including, The Power of Zero: Learning from the World's Leading Net Zero Energy Buildings, People Habitat: 20 Ways to Think About Greener, Healthier Cities; and No Regrets Remodeling.
